Download HDPOS smart for Multiple Cash Registers Free trial for one month		•
HDPOS smart registers. Free Download HDPOS CS This is full functionality software download. Register it for free and get a trial license key for 30 days. Please note: if you are running Windows XP and facing problems with application start up, most likely you need .Net		
Features See System Requirement section for details.		
Instructions for installing on multiple cash registers:		
On Server Computer		
You need to run this installer on the computer that will be treated as the server computer for your multiple cash register environments.		
The server computer needs to be running either Windows XP Professional Edition or Windows 2008 server.		
The server computer will need to have Internet Information Server (IIS) already installed on it.		
 IIS is part of Windows XP professional, if it is not already activated, you may have to go to 		
Control Panel->Add Remove Programs->Add/Remove Windows Components window and tick ON IIS.		
This installer will create Internet Information Server (IIS) based application on a server.		•
